## BUSINESS TERMS

**LOCATION:** Nurseries are located on Lealman Avenue at Haines Road, St. Petersburg, Florida. Phone 5531. The mail address is 933 39th Avenue, North, St. Petersburg, Florida. The nursery is open daily and from 8 A. M., to 5 P. M., Sundays.

**TERMS:** In as much as we have cut our prices to the lowest point conducive to the production of quality stock, we do not carry charge accounts. All of our shipments must be accompanied by cash to the amount of 25 per cent of order, to insure acceptance.

**PLANTING:** An added charge is made for planting. This usually amounts to about 20 per cent of the order and includes sufficient soil and fertilizer to properly start the plants. Where plants have to be moved, we make a cost charge for the labor and materials used.

**LANDSCAPING:** We have several men of outstanding ability to design and plant your home. They also have a sure knowledge of plant material and much experience. Their ability to foresee and create a beautiful picture is yours, for the asking. Each member of our organization is instructed to give you every helpful and courteous aid in their power. Our aim is to help you to make your home, city and Florida, the most beautiful place in the world. No charge is made for telling you how to grow better plants, but we do charge for the actual time consumed in making plans when our plants are not used.

**GUARANTEE:** Soule's Gladiolus Garden gives no guarantee, expressed or implied, on any seeds, bulbs, flowers or nursery stock put out by us, except that we will replace any plant or bulb proving untrue to name. In no case will we be liable for more than the price paid for the plants or bulbs proving untrue to name. In cases where plants or bulbs are shipped our responsibility ceases on delivery to the Post or Express Office.

**SHIPPING:** We are prepared to ship plants or bulbs of all kinds to practically all States. Our packer has had many years of experience in packing plants both for domestic and for foreign shipments.

**REMITTANCES:** Express or Postoffice money orders.

**PARCEL POST SHIPMENTS:** Please add 25 per cent to list price to cover cost of additional packing and postage charges. All prices F. O. B. Pinellas Park, Florida, or St. Petersburg, Florida. Packing will be charged for at cost on all large tubbed or bailed and burlapped specimens.

**SUBSTITUTIONS:** If out of item ordered we will not substitute unless so directed.

**CLAIMS:** If, by any possibility, errors should occur, they will be promptly rectified if claim is made within ten days after receipt of goods.

**VISITORS:** We are always glad to show our stock to visitors any time within business hours or at other times by special appointment.

We have listed only the sizes carried in stock. If you do not find the sizes you want in this list we can usually get them for you in a reasonable time. All inquiries appreciated.

We have tried to group our stock under various headings to help you in your selections. Some plants however, fit into several groups and we are ready at all times to advise and help you with their use.

If you do not find what you want ask us about it. We carry many rare plants in such small quantities that it is not profitable to list them.

## SUPPLIES

The prices of supplies are changing so rapidly that it is impossible to publish fixed prices. We carry a full line of fertilizers, insecticides, peat moss, soil, pottery and baskets. Prices will be furnished on application.

## AZALEAS

We maintain a full stock of all the varieties that do well here. If we do not have the color and variety that you want, we can obtain it for you. Prices quoted are for varieties known as Azalea indica only.

## CONIFEROUS EVERGREENS

In keeping with our practice of the past few years we do not recommend the indiscriminate planting of evergreens. Hence we only list those that we know will be of value over a long period of years in this section.
